VILLAGE OF SHELL LAKE UPDATE

Thank you to all the residents and organizations who participated in the village clean

up. Our village is looking clean except for some areas where hedges and trees are encroaching on the sidewalks. Please, if this is happening on your property could you cut the brush back. Council has completed the walk about and has made note of some areas of concern. One was the condition of our streets. At our last council meeting we decided to follow the suggestion put forth Dept. of Highways that they would repair our streets as it was near impossible to fix the potholes any other way. We hope that this will extend the life of our streets. We also appreciate the assistance we are receiving from the R.M of Spiritwood for the dust proofing of Memorial Drive.

The Plant and Decor Committee as well as the Park Restoration Committee have been established. Thank you to the volunteers who have let their names stand. I hope you will enjoy your committee work.

There will be a public information meeting on June 11, 7 p.m. at the school regarding the Proposed Integrated Health Facility in Shellbrook. Their

board will be on hand to answer all your concerns.

Just a reminder that golf carts and ATV's are NOT registered motorized vehicles and SHOULD NOT be driven by children. In Shell Lake, golf carts should only be driven by adults en route from their residence to the golf course by the shortest possible route.
