VILLAGE OF SHELL

LAKE MAYOR UPDATE

This time next year, September
2009 your present council will
have fulfilled their required term
as council members.

I urge citizens to begin contem-
plating on putting their names
forward when the election
process begins next fall. The
Village operates with a five
person council and is a valuable
opportunity to significantly put
forth your wealth of knowledge
on serving the community.

This may sound like a broken
record; however, it needs to be
repeated. The garbage contrac-
tor is to pick up citizens 'bagged'
garbage only. If you can't 'bag'
it, then utilize facilities as the one
located in Canwood to handle
items such as furniture, lumber,
appliances and metal. The Village
maintenance personnel will pick
up garden and grass clippings on
designated days set by the village
office or contacting Kurt Reed.

Immense thanks goes to Joan Calvert, who did a great job on cleaning, opening and closing the village bathrooms this summer. For the rest of the year, the village bathrooms are closed except for groups or events upon request.

The new residences being built in the village is an appreciated sight and a strong indication of continuing growth. There are plans for additional development in the Village; however, there are always numerous barriers that appear to cause a delay in the process.

Mayor, Paula Stalwick
